Valuables: (CELL PHONES, PURSES) will be locked in the orchestra Ensemble Room.

Expectation for ALL STUDENTS: Everything we do, we do with class. When you are not on stage, sit with your section in the rows closest to the stage. Respect the space and help one another. Profanity should never be used in uniform as each of you are representatives of the Harrison Orchestra program.

All students are expected to stay seated in the audience until the end of the concert as the performance includes being a good audience member for all of the orchestras. No phones are permitted during the concert. It is the expectation that you applaud for each of the orchestras and you pick up after yourself and leave any space you use better than you found it.
